

**GOVERNMENT OF INDIA
DEPARTMENT OF ATOMIC ENERGY
HEAVY WATER BOARD**

**Notice Inviting Expression of Interest (EOI)
EOI No: HWB/Non-Nucl App/EOI/2017/01**

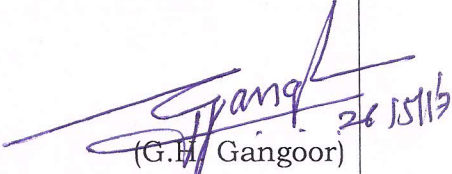

**Invitation for proposals for participation from
R&D and commercial organizations for developmental programme on
Non-Nuclear applications of Heavy water/Deuterium**

Heavy Water Board (HWB), Department of Atomic Energy, Government of India is one of the largest producers of Heavy water (Deuterium oxide, D₂O). Recognizing the vast potential of Non-Nuclear Applications of Heavy Water and Deuterium, HWB intends to collaborate with 'Academic, R&D and Commercial organizations' in taking forward these activities through appropriate agreement/collaborations. The following programmes have been identified for consideration of these developmental works:-

1. R&D programmes using Heavy water for non-nuclear applications in academic institutions & National Institutes.
2. Commercial activities on development of D-labeled compounds and APIs (Active Pharmaceutical Ingredients)
3. Studies using deuterium in any other non-nuclear applications, such as tracer in survey activities viz. core invasion.

Details of eligibility criteria for participation in the above activities are given in our website www.hwb.gov.in

Interested organizations are requested to submit their applications in duplicate with the details of the proposed work to be taken by them in this field, its company profile, documents of registration, solvency certificates issued by bank, copy of returns filed with income tax, sales tax, details of the turn over for previous five years etc. at the following address. The last date for submission of "Expression of Interest" is 31st day of July 2017.
