Environment Policy of HWB

We, at Heavy Water Board, are committed for protection of environment and achieving excellence in environmental performance and continual improvement by

- Adhering to the National Environment Policy and compliance with environment related legislations, acts, & rules applicable to Heavy Water Plants and Diversification Facilities.
- Integrating the consideration of environmental concerns and impacts into our decision making and activities.
- Protecting, conserving and ensuring judicious use of natural resources.
- Integrating pollution prevention measures and best environmental practices in our industrial activities to minimise potential impact on the environment.
- Adopting 3'R principle (Reduce, Reuse, Recycle) with respect to wastes generated in our industrial activities.
- Promoting environmental awareness among our employees and training, educating and encouraging them to work in an environmentally responsible manner.

HWB management strongly believes in maintaining and promoting clean and green environment in its establishments.

April, 2019

(Dr. U. Kamachi Mudali)
Chairman & Chief Executive
