

DAE Technology Exhibition at UCIL, Jaduguda

Public Awareness & Media Interaction Division (PA&MID), NCPW, DAE organised a Special Drive in coordination with the Uranium Corporation of India Limited (UCIL) and the Press Information Bureau (PIB) at Jaduguda between 4th to 6th of October 2026. The programme coordinated with the UCIL Day celebrations (Diamond Jubilee) on 4 October 2026 with the objective of expanding the outreach through a range of public awareness, media engagement, technology outreach and student engagement activities. A significant feature of the Diamond Jubilee Year programme was the Journalists' Workshop, organised at the Information Centre, Narwapahar, along with a DAE Technology Exhibition showcasing technologies and applications emerging from the DAE's Units and Institutions.

Ms. Seema Jain, Member-Finance, Atomic Energy Commission, graced the celebrations at Jaduguda as the Chief Guest.

Dr. Kacham Anand Rao, Chairman & Managing Director, UCIL, said: "The Diamond Jubilee Year is a proud milestone for every member of the UCIL family. Over six decades, UCIL has steadily built expertise and infrastructure in uranium mining and processing, while strengthening its capabilities in technology, safety and environmental management. We were particularly pleased to open our operations and facilities to the media on this occasion. The Journalists' Workshop and DAE Technology Expo provided an opportunity for first-hand engagement with the science, technology and people behind our operations and with the wider contributions of DAE."

The Diamond Jubilee Year celebrations at Jaduguda brought together senior officials, scientists, engineers, technical personnel, employees, media professionals and other stakeholders to commemorate an important milestone in UCIL's institutional journey and to look ahead to the opportunities and shared responsibilities of the future.

A DAE Technology Exhibition envisaged as an important component of the programme, providing an opportunity to school students with an engaging and first-hand exposure to India's nuclear science and technology, while also enabling media personnel to gain a broader appreciation of the technological and societal contributions of the Department.

HWB participated in the event by showcasing various products of HWB through a STALL in the exhibition. Ms. Nidhi Pandey Additional Secretary DAE, Ms. Anjali Sinha Jt. Secretary (I&M), Dr. K. Anand Rao, CMD, UCIL visited HWB stall and had discussion on new activities of HWB. Educators, researchers, scientists, industry experts, employees and their family members and school children etc. visited HWB stall and enquired about various products of HWB. Around

1400+ students of 10 schools visited the exhibition and had engaging discussions about the products of HWB.
